The requestor should contact the person listed in the letter to clarify what he is asking for so that the FOIA may be appropriately reassigned to Region 9. He may want to clarify that this is a PCB Clean Up Site overseen by EPA Region 9 and provide the site address.

Hi Laurie, are you the point person for this FOIA?

I took over this PCB cleanup site from another staff person as the new project manager. Should I be talking to the FOIA requestor directly?

Thanks,  
Karen

Hi Karen – I've attached a response letter that was received in regards to a FOIA request for the Wilmington Marine Services site (FOIA request is also attached). I understand from Carmen that you are the project manager for this site. Would you have some time today to discuss this with me?

I can be reached at 415.497.2732.

Thank you,  
Carl
